Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Dimensions: 11.0in. x 8.5in. x 0.1in. The private health insurance provisions in the Patient Protection and Affordable Care Act (P. L. 111-148, ACA, as amended) include market reforms that impose requirements on private health insurance plans. Such reforms relate to the offer, issuance, generosity, and pricing of health plans, among other requirements. ACAs market reforms largely focus on the individual and small group health insurance markets, and in this report the reforms have been grouped by effective dates: immediate market reforms that become effective prior to the full implementation date of ACA, and reforms that become effective on the full implementation date (January 1, 2014). ACA requires implementation of a number of reforms prior to its full implementation date (i. e. , prior to plan years beginning on or after January 1, 2014). Market reforms effective beginning in 2014 include nondiscrimination based on health status; guaranteed issue and guaranteed renewability; coverage of preexisting health conditions (regardless of age); nondiscrimination regarding clinical trial participation; rating restrictions; waiting period limitation; and nondiscrimination regarding health care providers. This report provides background information about the private health insurance market, including market segments and regulation. It describes each ACA market reform and notes any major implementation activity...
