Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Building a Decision Support System: The Mythical Man-Month Revisited This paper describes the development of a Decision Support System, from its beginning as part of a research project through to the implementation of it as a commercial product used by six state agencies and public sector consulting groups. The system was designed by individuals with a long-standing involvement with Dss. As such, it provided an excellent opportunity to test the conventional wisdom on principles and techniques for Dss design. We had clear expectations as to what would be easy and what would be hard to implement. We wanted to see if the Dss field is at a stage where one can give builders reliable rules of thumb not a cookbook, but the sort of pragmatic advice that would be welcomed by a capable systems analyst, consultant or programmer setting out for the first time to deliver an interactive computer system to support decision makers in a complex task. Isspa (Interactive Support System for Policy Analysts) is a Dss, written in Apl, that supports administrators, analysts...
