

Interchanging Poetry, a Collection of a New Poetic Genre

By MAC McGovern

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Interchanging Poetry is a narrative combining poetry with discussion, debate, dialog, or description; using the poetry to emphasize the narrative. It is a new form of poetry developing interchanging literary devices to enhance poetic discourse. Generally, writers will incorporate a poem into their article, publication, or book to make a point or site as a reference. This is common practice giving the author of the poetry proper credit. This is not a common practice with poets, who write specific forms of poetry following established poetic format. Often, poets wish they had a methodology to explain why they wrote a particular poem or as a follow up to their thought process in creating the poem. When you write using the Interchanging Poetry format, you extend your ability to expound on the meaning behind the words written as poetic expression; giving the reader a greater insight into the wonderful world of what the mind conceived and has achieved through poetry.
