Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

(Pasquale Larkin I)

DYNAMIC DETENTE: THE UNITED STATES AND EUROPE, 1964-1975 (HARDBACK)

Lexington Books, United States, 2016. Hardback. Book Condition: New. 239 x 157 mm. Language: English . Brand New Book. This book examines the dynamic evolution of Western detente policies which sought to transform Europe and overcome its Cold War division through more communication and engagement. Kieninger challenges the traditional Cold War narrative that detente prolonged the division of Europe and precipitated America's decline in the aftermath of the Vietnam War. Rather, he argues that policymakers in the U.S. Department of State and in Western Europe envisaged the stability enabled by detente as a precondition for change, as Communist regimes saw a sense of security as a prerequisite for opening up their societies to Western influence over time. Kieninger identifies the Helsinki Accords, Lyndon Johnson's bridge building, and Willy Brandt's Ostpolitik as efforts aimed at constructive changes in Eastern Europe through a multiplication of contacts, communication, and cooperation on all societal levels. This study also illuminates the longevity of America's policy of peaceful change against the background of the nuclear stalemate and the military status quo.
