Konark Publication, New Delhi, 2009. Soft cover. Book Condition: New. 120pp. This book deals with the primal sound AUM and epitomises what the Upanishads and the great seers have spoken about it. The author proves, with illustrations, that the genesis of creation (the manifest world) lies in AUM. The principle and form of AUM is at once hidden and distinct in nature. Only a realised soul can perceive it. Sree Maha Ganapathi, representing the form of AUM, has been derived logically with illustrations. The author states that AUM is the mother of all religious emblems. The book also evokes the close relationship between sound and form.
