Griffin Publishing. Paperback. Book Condition: new. BRAND NEW, Intuition, Osho, INTUITION: All people have a natural capacity for intuition, but many times social conditioning and formal education works against it. People are taught to ignore their instincts rather than to understand and use them as a foundation for individual growth and development - and in the process they undermine the very roots of the innate wisdom that is meant to flower into intuition. This book provides many specific exercises and meditations designed to nourish and support each individual's natural intuitive gifts.
