## SEX HABITS OF AMERICANS: THE INSIDE STORY ABOUT WHAT EVERYONE ELSE IS DOING BEHIND CLOSED DOORS

Skyhorse Publishing. Paperback. Book Condition: new. BRAND NEW, Sex Habits of Americans: The Inside Story About What Everyone Else is Doing Behind Closed Doors, Amy Winter, We all know what we're doing when the lights go out, but what about other Americans? Sure, your friends might brag about what they did, but most likely it's all lies to make them look good. In this book, not only will you find out what's really going on, but you'll find it from reputable sources. "The Sex Habits of Americans" is a sizzling collection of surveys from "Playboy", "Trojan", and "Men's Health" that let you know what the truth is and what people want you to believe. These facts are what Americans think and feel about sex, including: more men than women turn down sex because of stress; men are more willing to wait until marriage before copulating than women; 64 per cent of Americans have sex at least once a week; missionary is the preferred position (go figure); and, many more! We all love reading these surveys in newspapers and magazines, but now you get them all in this one book, for you to enjoy alone, with a loved one, or with a group of friends. This book will never get dull and will heat up anyone who reads it.
