THE MEDICAL ASPECTS OF MUSTARD GAS POISONING (CLASSIC REPRINT)

DOWNLOAD

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Medical Aspects of Mustard Gas Poisoning The investigations on Dichlorethylsulphide (Mustard Gas) Poisoning recorded in this volume were begun as an independent war research problem in the Pathological Laboratory of the Medical Department of the University of Michigan in 1917. The Laboratory later, through Dr. Warthin, became associated with the Medical Advisory Board of the Chemical Warfare Service and abstracts and preliminary reports of these investigations are included in the Reports of that Department of the Service. Six articles, forming the nucleus of the investigation, were published in the Journal of Laboratory and Clinical Medicine, as follows: Pathology of the Skin Lesions, May, 1918; Pathology of the Ocular Lesions, October, 1918; The Treatment of Dichlorethylsulphide Injuries, *ibid*; The Clinical Pathology of Dichlorethylsulphide Poisoning, November, 1918; Lesions of the Respiratory and Gastrointestinal Tracts, February, 1919; The General Pathology of Mustard Gas (Dichlorethylsulphide) Poisoning, *ibid*. These articles have now been gathered together, corrected and expanded to form the chief part of the present volume. To this material we have added an introductory chapter on the Medical Aspects of Gassing in Warfare and a complete Bibliography of the Literature on Gassing in Warfare. We also have added a number of new and important illustrations. The entire research has been carried through in a period of eighteen months, in a most intensive manner, involving an immense amount of labor. Its success, was made possible only through the enthusiastic cooperation of the entire Laboratory Staff. Through Col. W. J. Lyster and Major H. C. Bradley of the Chemical Warfare Service we were given the opportunity of studying human material in one of the industrial plants concerned in the manufacture of...
